

Self-Locking Safety

Harrington's new SmartLok self-locking hooks are available as an option on our LB lever hoists as well as on our CB and CF series hand chain hoists. These hooks offer the extra security needed for applications with stringent safety requirements.

Self-Locking Hook Features

- Smaller and more compact than most self-locking hooks on the market
- Hook latch locks securely in place and is only opened when release lever is depressed

Compatibility

- LB Lever Hoists:
.75, 1, 1.5, 2, 2.75, 3 Ton
- CB Hand Chain Hoists:
.5, 1.5, 2, 2.5, 3, 5 Ton
- CF Hand Chain Hoists:
.5, 1, 1.5, 2, 3, 5 Ton

Meets Industry Standards and Regulations

- ASME B30.10
- ASME B30.16
- ASME B30.21
